WE DO NOT HAVE A NON-COMPETE CLAUSE

As a titleholder in the North America and US International Pageant System you may compete for other titles in other pageant systems, following the national or international pageant in July, 2024 in Orlando, Florida. If you are the state winner, your main obligation is to participate at nationals/internationals, if you are unable to do so your title, crown, sash & prizes will be passed on to the runner up.

QUEEN OF THE STATE

NO OBLIGATION COMPETITION

Queen of the State is an add on program to the North America state pageants and it is set up for ladies who want to compete but either already hold a title in another system which has a non-compete, or they are unable to attend the national/international pageant in July, or they are new to pageantry and want to try it out before they commit to a system with a national or international obligation, or they just want to compete with no commitment to appearances or moving on to other pageants.

Queen of the State is held at the same time, along side of the state North America and Miss U.S. International pageants, with no distinction between the delegates. Everyone will compete together on stage and in interview in all of the same divisions with the exact same scoring system.

The judges are not informed who is in the Queen of the State division so the judging is done fairly and without bias. The ONLY people who will know who is in the Queen of the State division are the Executive Director and the Contestant who is competing as a Queen of the State contestant.

After the pageant, every Queen of the State contestant will receive a video of her interview, a copy of the judges notes as well as her total score and a review of what she can improve on based on scoring as well as from the Executive Director and if possible any staff members they interact with.

This part of the pageant is set up to be a training event for both new and advanced competitors to give them the best edge for moving forward in pageantry. There is no better way to improve than by hands on practice, and that is what this will give along with a full, honest unbiased review of what you can do to improve.

At crowning, each of the highest scoring delegates registered in the Queen of the State program will receive a state title and crown, FOR FUN. This award will have NO OBLIGATION and NO CONTRACT and will not affect any current titles held or future pageants you are already signed up for, except to help make you a better and stronger competitor!

The cost to participate as a Queen of the State delegate is \$195
